Several of our tenants cannot afford a microwave so it makes it difficult for them to prepare any food for those that do not know how to cook. Things like a toaster oven, toaster or hot plate would be appreciated.

Small gifts for landlords-for our upcoming Rapid Re-housing team we will need to start building relationships with landlords and had the idea of sending gifts and thank yous as they agree to work with our tenants, and then little cards on holidays. So things like thank you cards, or gift baskets would be great for this.
